FRESH GEAR

SCOTT eVEST

Technology-enabled clothing

scottevest.com

\$120

Gadget junkies rejoice! There's finally a way to carry all your handhelds, keyboards, phones, and CD players stylishly. A techie version of the classic fisherman's vest, the Scott eVEST has 15 pockets, including stylus pockets and pockets-in-pockets to prevent rattles. And unsightly wires won't dangle with the vest's Personal Area Network, a system of Velcro-secured conduits that channel the wires from pouch to pouch.
