### Be Stylish & Connected At The Same Time

110

This isn't your regular pocket protector; the SCOTT eVEST Version 2.0 lets you be stylish and connected. With 15 pockets, there's room for any device or gadget you need. Once your pockets are full of mobile devices, there's still room for your keys and a bottle of water. And on those hot summer days, turn the jacket into a vest with the newly added zip-off sleeves.
