Scott Jordan  
CEO and Founder

## THE SeV REVOLUTION A DECADE IN THE MAKING

A decade ago, I founded SCOTTEVEST to address a personal problem. I liked to travel, but I wanted to be able to take my gadgets with me; however, there was no easy, attractive, and comfortable way to do so. I analyzed the problem and created a solution - the eVEST 1.0.

Since 2000, SCOTTEVEST has grown and improved just like the gadgets found in our clothing's specially-designed pockets. We now have more than 30 styles, with 10 new styles being introduced in this catalog. Many more styles are coming in 2011, including a complete women's line.

Last year, with your feedback, we shifted our focus to travel clothing, and introduced the slogan, "For the Trip of Your Life." We used pictures of you, our loyal customers, traveling with our SeV products throughout the world. It was so successful, we decided to carry that theme into this catalog.

We recognize that our success can only be attributed to YOU. We hope that SeV products will continue to help make your travel experience easier, less stressful, and save you baggage fees.

As the most innovative travel clothing company in the world, we promise to keep improving with all of you in mind. Please enjoy and be inspired by the photos submitted by fellow SeV fans from around the world.

You have made our first decade in business an incredible success. We are looking forward to our journey in the next decade and beyond, and are hoping you have, "The Trip of Your Life!"

Warmest regards,

Scott "Pockets" Jordan, CEO and Founder
